...TOESSEL MAY BE COURT-MARTIALED

Russian Newspapers Clamoring For Military Trial.

COMMANDER BEGS FOR LENIENCY

Says Uphold Honor of Russia in the Face of Her Enemies—Supplementary Agreement of Surrender Published—Other Far Eastern News.

St. Petersburg, Jan. 6.—Few incidents of the whole war have aroused more bitter criticism than the blunt announcement, officially issued by the general staff, that General Stoessel will have to come home and stand coutmartial for surrendering the fortress of Port Arthur. While it is ancient regulation and quite according to laws, it is bitterly resented on all sides that such an announcement should have been gratuitously made in the same bulletin containing General Soessel's appeal to the emperor for "lenient judgment on a garrison reduced to shadows, who have done all that was

possible for human being to uphold the honor of Russia in the face of her enemies."

The Novoe Vremya despite the example made by the suspension of the Russ yesterday says:

"By all means, let us have a court-martial and make it, if possible, severe." The cruel judge will, perhaps, deal leniently with those who have given their blood and their lives for their country. Perhaps also the court will determine why a fortress known to be threatened with a blockade is not supplied with necessary food and munitions to enable it to hold out. Perhaps such a court will bring to light many dark, hidden things and expose the creeping, underground enemies of Russia, who are infinitely more dangerous to the nation than the foe who fights in the open."

News from Tokio.

Tokio, Jan. 5.—1:30 p. m.—The Port Arthur supplementary agreement published today, provides for the appointment of commissioners to superintend the enforcement of the provisions in the capitulation compact and deals with th eofficers and men. The commissioners are to meet on the base of Pehiyu mountain at noon on Tuesday next with the military and naval officers of Port Arthur fortress in the order indicated by the Japanese on the tabulated receipt of their organizations who shall conduct themselves so as to arrive at the eastern extremity of Yahutsui at 9 o'clock on Thursday morning. The officers an dofficials are allowed to wear their side-arms but the use of arms is prohibited. In the case of non-commissioned officers and privates. On arrival they shall be placed in control of the committee enforcing article 5 of the original agreement. Civil officials not connected with the army or navy shall follow the officers. Those who have not served as volunteers shall be released without parole. Persons who are necessary to effect the transfer of the fortress buildings, warships, etc., must wear an emblem given by the Japanese authorities. Private property carried by officers and officials shall be subjected to inspection and must be limited in weight.

The agreement furtner provides for the transfer of hospitals, the immunity of non-combatants, their freedom of action and the removal of private property.

It promises to facilitate the movement of families of officers and officials, but reserves the right of removal of objectionable persons and the release of Japanese prisoners.

General Nogi a Changed Man.

New York, Jan. 6.—General Nogi keenly feels the tremendous sacrifice of Japanese lives involved in the success of his plan, according to a dispatch from a correspondent with the third army, says a World dispatch from London. His very outward appearance has changed. He has become careless in dress and strangers often find it difficult to pick out the aged, haggard man as the real leader. He refers to General Stoessel as the hero of Port Arthur, and emphasizes that surrender leaves his fame untarnished. General Nogi, it is recalled, lost two sons, his only children, in the war.

NO ROOM FOR NEGRO NORTH.

Minister Says No Desirable Employment is Open to Him.

Springfield, Mass., Jan. 6.—"Not a single avenue of desirable employment is open to the negro in the north, and the future promises less than the past," said Rev. W. N. Deberry, pastor of St. Johns (negro) Congregational church.

The Rev. Deberry who is one of the ablest negro clergymen in the country, has made a study of the question, extending over several years and bases his deductions upon statistics.

He finds the professions and other intellectual pursuits are out of the question for negroes of either sex. Women have no avenue of employmnet except in service. The negro race is not wanted in stores or the mills. The best opportunity open to the negro today is a janitorship, which the Rev. Mr. Deberry says is "a good place to die in."

TO PAY SOUTHERNERS CLAIMS.

Bill Passed by Senate Provides Necessary Funds for Same.

Washington, Jan. 6.—Senator Warren has reported to the senate from the committee on claims the house bill for the allowance of certain claims for stores and supplies destroyed during the civil war under the provisions of the Bowman act. Amendments were made by the committee, and the bill as reported is recommended for passage. It proposes to pay in direct appropriations $2,566,051. The claims include the following:

Alabama, 32 claims, amounting to $59,880; Florida, 8 claims, amounting to $6,514; Georgia, 26 claims, amounting to $28,544; North Carolina, 12 claims, amounting to $9,995; South Carolina, 11 claims, amounting to $321,123; Tennessee, 79 claims, amounting to $106,541; Virginia, 142 claims, amounting to $146,943.

THE CHATTANOOGA STOOD TEST.

Trial Board Will Recommend Her Acceptance by Government.

Newport, R. I., Jan. 6.—The cruiser Chattanooga returned to this port early today. She went out Tuesday for a 24-hour sea trip and was scheduled to finish at New York. On account of the severe storm of Tuesday and Wednesday, she came back here.

The cruiser sustained no damage beyond the loss of her forward chest containing tackle, which was washed overboard and scratches made by ice. The trial board announced today that they were satisfied with the vessel and would recommend her aceptance by the government as she had successfully passed through the roughest and most trying test ever sustained by a United States naval craft.

Trolley Car Runs into Engine.

Birmingham, Ala., Jan. 6.—His brake failed at Motorman H. L. Minton was directing a street car coming toward the city from Jonesville and the car dashed into an engine on the Prison at a crossing. Minton was badly cut and bruised about the face and body, and the passengers were greatly frightened. Minton will recover.

NATIONAL CONGRESS AGAIN IN SESSION

February 8th Day Set To Canvass Presidential Vote.

SEVERAL BILLS ARE PASSED

Congressman Livingston Demands Time To Be Heard on His Resolution Regarding Cotton Reports—A Floral Design Given Burrows.

Washington, Jan. 6.—When the house convened today the invocation was delivered by William Coudon, of Boston, son of the house chaplain. Mr. Wadsworth, chairman of the committee on agriculture, submitted a report on the resolution requiring the secretary of agriculture to furnish certain information regarding cotton statistics with the recommendation that as the estimates of the deparment of agriculture were found to be honestly and intelligently made, the resolution lie on the table.

Mr. Livingston, of Georgia, demanded time to be heard in favor of the resolution, alleging that he had had no opportunity to speak in its favor before the committee. It finally was agreed tha tthe subject should be discussed for two hours. Pending its consideration, Mr. Littauer, of Navada, from the committee on appropriations, reported the fortifications appropriation bill.

By a vote of 80 to 17 the Livingston resolution was tabled in the house.

In the Senate.

One of the most elaborate floral offerings ever exhibited in the senate chamber surmounted the desk of Mr. Burrows, of Michigan, when the senate convened today. It was a map in flowers of the entire state of Michigan and was a testimonial from admiring friends as a compliment on the senator's renomination for the senate.

The body of the state was shown in immortelles, and the lakes by mirrors. These were surrounded by a border of roses, orchids and carnations, the whole design being sumounted by the words: "All yours."

Mr. Burrows was generally congratulated on making his appearance. He had the flowers promptly removed.

The credentials of Murphy J. Foster, as senator from Louisiana, were presented and placed on file.

The following bills were passed:

Authorizing the construction of a bridge across the Ouachita river in Arkansas.

Authorizing the construction of a brfidge across the Ouachita river in Caldwell parish, Louisiana.

Mr. Platt (N. Y.) from the committee on printing, renewed his request for consideration of the resolution favorable to the printin gof 10,000 copies of the report of the commissioner of coroporations, saying that h ewould accept the suggestion of Mr. Bailey for the printing of the decision of the supreme court in the Knight case, which is criticised by the report.

The resolution was agreed to.

A resolution reported by Mr. Burrows from the committee on privileges and elections fixing 1 o'clock Wednesday, Feb. 8, for the canvass by the two houses of congress, the vote cast at the last presidential election was agreed to.

The ceremony will take place in the chamber of the house of representatives.

Warship Columbia at New Orleans.

New Orleans, Jan. 6.—The United States cruiser Columbia, which left Pensacola yesterday at 2 o'clock crossed the bar at Port Eads at 9:20 a. m. and proceeded up the river to New Orleans. She will be docked in the government floating dock on January 12. The big French cruiser Jurien de la Graviere is now in the dock.

Not the Man Wanted.

Charlotte, N. C., Jan. 6.—The negro arrested at Salisbury after being identified as Will Harris, the Mecklenburg desperado and outlaw, was upon further investigation found not to be the man, and was released. Harris is yet at large. There is $200 reward for him.

AN IMPORTANT APPOINTMENT.

President of Woman's Clubs Name Chairman of Committee.

Denver, Colo., Jan. 6.—Announcement of the appointment of Miss Abbott, of Watertown, Conn., as chairman of the educational committee of the General Federation of Women's clubs, has been made by Mrs. Sarah Platt Decker, president of the Federation.

The appointment is one of the most important yet made by Mrs. Decker. One other member of the committee will be dean and president of the prominent colleges.

"The work of this committee," said Mrs. Decker, "will be one of the foremost considerations of the Federation. We will try to formulate plans for work with college women, with a view to eventually introduce domestic science, manual training and the like into our colleges. Th eidea is to fit the boys and girls more than is now done for work in the world—not to educate them so much alike, to give them training in the other things—in other words, for which one is especially adapted."

JUDGE APPOINTS RECEIVER.

New Orleans Street Car Company In Charge of Elwin C. Foster.

Trenton, N. J., Jan. 6.—Elwin C. Foster of New Orleans, has been appointed receiver for the New Orleans railways company by Judge Lanning in the United States circuit court.

The appointment of Mr. Foster as receiver on the grounds of insolvency of the company, was made on Saturday last and he was again appointed received yesterday on foreclosure proceedings brought by the New York Security and Trust company, trustees for the holders of bonds amounting to $14,228,000.

The company defaulted in the payment of interest amounting to $400,000 on those bonds on Jan. 3. The trust company is also the complainant in the suit which resulted in the appointment of Foster as receiver last Saturday. The appointment of a receiver was made with the consent of the company, the answer of the company to the bill of complaint admitting all the averments.

Lawyers Summoned Before Jury.

New York, Jan. 6.—Attorney A. P. Hummel, and A. F. Kaffenburg, one of his partners, are said to have been served with subpoenas calling them as witnesses before the grand jury in the investigation of the charges growing out of the Morse-Dodge divorce tangle, in which Charles F. Dodge, formerly the husband of Mrs. Morse, has been a central figure. Hummel and Kaffenburgh claimed to be Dodge's attorneys when he was brought recently from Texas. They attempted to see him, but were not allowed to do so, and Dodge said he retained others as counsel.

Wealthy Chicago Beauty Dead.

Chicago, Jan. 6.—Miss Murtel Byram, a wealthy heiress, known as one of the most beautiful women in Chicago society, has been found dead in her boudoir with a bullet hole through her neck. It is denied that she committed suicide, the wound being attributed to the accidental explosion of a weapon that she was cleaning preparatory to a hunting trip in California. Miss Byram was a sister-in-law of I. N. Perry, the former president of the Bank of North America, who was recently indicted for arson.

News of Unknown Ship.

San Francisco, Jan. 6.—The schooner O. K. Millig arrived here from Ratiunga and brings the first news that the remains of a big 4-masted ship, name unoknown, lies on the reefs that surround the island of Mangula. It is surmised that the shipwrecked crew has reached either Auckland or Tahiti before this time, and will be heard from later.

Yellow Fever in Galveston.

Galveston, Tex., Jan. 6.—Two mild cases of yellow fever have been discovered here, but because of the lateness of the season no uneasiness is entertained. The patients are two English sailors, who arrived on the steamship Horatio last Friday. The Horatio, of the Booth line, sailed from Paris, Brazil, on Dec. 14.

SEVERAL INJURED IN REAR-END COLLISION

On Account of Snow Engineer Could Not See Signals.

TRAINS RUNNING AT SLOW SPEED

Twentieth Century Limited Is Telescoped by New York and Boston Special and a Number of Passengers Were Hurt.

Cleveland, Jan. 6.—A rear-end collision late last night between the Twentieth Century limited and the Chicago, Boston and New York special on the Lake Shore road near Anglia, N. Y., as a result of which eight passengers were injured, but none fatally.

Both trains were eastbound. The twentieth century limited was running at a reduced speed owing to a hot box on the engine.

A blinding snowstorm prevented the engineer of the train following from seeing the block signal. Among those injured were the following:

H. G. Morton, New York, hurt internally.

W. H. Clarkson, St. Louis, cut and bruised.

John S. Butler, Buffalo, shoulder injured.

Major Richardson, United States army, cut on head.

Neither engines nor cars left the track. The second train was running at less than full speed, owing to the heavy snowstorm.

FOUND HANGING FROM TREE.

Lynching of an Unknown Negro at Benoit, Miss.

Lynchburg, Miss., Jan. 6. The body of an unknown negro was found dangling from a tree. The negro, it is said, had been taken from the county jail and quietly lynched by a number of white men.

Last Monday the negro secreted himself in the home of a Mrs. torm, a widow. Entering the apartment of the daughters of Mrs. Storm, after the family had retired, the negro struck a match and was advancing upon the young women, when one of them awoke and screamed for help. The negro was frightened off.

A search for the negro resulted in his early capture. He was placed in jail and during the night was taken out and hanged.

Noted Episcopalian Rector Dead.

New York, Jan. 6.—Rev. Dr. Thomas Boone, rector of a Protestant Episcopal church at Gilbertville, N. Y., is dead at the home of his sister in New York. Dr. Boone was well known to the clergy and his brother, Rev. William Jones Boone, is now Episcopal Bishop of China. Dr. Boone was for man yyears rector of Christ church, Savannah, Ga. During the yellow fever scourge in Brunswick, Ga., in 1878, Dr. Boone was rector of the Episcopal church there, and because of his ministerings to persons of all creeds, was dearly beloved in that city. The rector and his wife were stricken by the disease and Mrs. Boone died.

Will Plant Less Cotton.

Atlanta, Jan. 6.—Farmers all over the state are writing letters to Commissioner of Agriculture Stevens telling him of their intention to cut their cotton crop, and urging him to take some step by which all the farmers in the state will do the same thing. It seems to be the unanimous desire upon the part of all the cotton growers in Georgia to plant less cotton than ever before, and from all indications there is going to be a very short crop in Georgia. Very little fertilizer is being used so far, and the fertilizer men are not expecting any big sales since the slump in cotton.

Hobson Seeking to Enlarge Navy.

Birmingham, Ala., Jan. 6.—Captain Richmonm Pearson Hobson, who was in this city recently, said he had written to members of the house and senate of the United States calling attention to the enlarged navy which he desires, setting forth the necessity therefor. Captain Hobson has issued circulars and will be a busy man on the platform the next few months.

CITY MAY GET THE GOVERNMENT STREET

Hon. Martin Dodge Writes a Most Encouraging Letter.

NO DEFINITE DECISION YET

Reached, but Director Dodge Says the Department Will Consider Favorably the Resolution of the Gainesville Council.

While there is nothing yet absolutely certain, it is confidently believed that the recent resolution passed by the City Council requesting the United States government at Washington to construct a mile object-lesson street, will bring the desired result.

It will be remembered that, at the invitation of the Board of Trade, the City Council met in special session and passed a resolution asking the government to construct with its experts this mile of street, agreeing to bear the expense of material, etc., for the same. Alderman Lynch acted as clerk at this meeting, and attended to the matter of forwarding the resolution to Hon. Martin Dodge, director of the good roads department. Mr. Lynch has received the following reply:

Senator Lodge's Letter.

"Louis C. Lynch, Esq., City Clerk, Gainesville, Fla.

"Dear Sir: I have received your letter of December 22, and with it a copy of the resolution adopted by the City Council of Gainesville pertaining to the building of an object-lesson street by co-operation between the city of Gainesville and the United States government.

"This application will be filed and favorably considered. I cannot assure you at the present time that we will enter into this co-operation. It has already been substantially agreed that we will enter into co-operation with the county commissioners of Alachua county, and it seems probable that when our men and machinery are there we will extend the co-operation as suggested in your communication. We shall consider the matter more fully as we progress with the other work, and especially when the men are upon the ground.

"Yours respectfully,
"MARTIN DODGE, Director."

It is confidently believed that this street will be constructed, and that it will be a lesson to our city in the matter of conducting thoroughfares in a substantial and economical manner. There is no doubt but that Expert Spoon and his men and machinery will be here for the purpose of constructing the county road, and it is anticipated that the good roads department will assign them to build the street.

"THE DEVIL IS IN THEM."

That is the Opinion of Rev. T. J. Norsworthy of Dunnellon Folks.

Rev. T. J. Norsworthy, the eminent evangelist who has accomplished a great deal in the moral reformation of the southern end of the county, was in the city yesterday. Mr. Norsworthy has moved his family from Mississippi to Micanopy, having purchased a home there, and intends to reside here indefinitely. He is an elegant speaker, a forceful worker, and the people are benefited by his presence.

"The devil is in the people of the Dunnellon section as a rule," remarked Mr. Norsworthy, in speaking of his work Friday. "Understand, I don't mean to say that the devil is in them all, for there are some mighty good Christians there; but I am referring to that section generally. There are some good people there who have got the devil in them too, and who would be magnificent Christian gentlemen if they could only be touched, and I propose to open a meeting for that purpose in Dunnellon next Sunday."

Mr. Norsworthy has conducted most successful meetings in Micanopy, McIntosh, Evinston and other points. He was here for a few days, but circumstances were such that his success was not all that was desired. It was not his fault, however, for he worked faithfully, and considering the proportion of converts to his congregation did remarkably well. He came at a busy time, when it was impossible to secure large congregations, hence this is explained. About twenty-five were converted here during his work.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

AUCTION PURCHASES.

List of Those Who Bought Land at Auction Sale Last Thursday.

The question has been so common as to who took advantage of the opportunity to purchase valuable lots at the auction sale Thursday that The Sun has decided to publish a list, together with the number of lots purchased and the price paid. Through the courtesy of Manager H. B. Phillips a list has been secured.

The aggregate value brought from purchasers was $913.50, divided in purchases as follows:

W. H. Palmer, 2 lots, $34; C. L. Laughin, 2 lots, $37; J. E. Becker, 6 lots, $116; J. J. Prevatt, 1 lot, $23; A. W. Williams, 1 lot, $27; W. M. Daniels, 2 lots, $28; H. K. Hill, 3 lots, $89; P. O. Weaver, 1 lot, $36; Dr. C. Goldstein, 1 lot, $65; H. Wenske, 4 lots, $116; Alfred Harrod, 2 lots, $50; F. C. McMahan, 2 lots, $24; Benson & Son, 3 lots, $31.50; W. E. Webb, 2 lots, $58; H. T. Boyer, 2 lots, $104; H. A. Fisher, 3 lots, $70; L. L. Sandborn, 1 lot, $25.

As has already been stated, the free lot was won by A. J. DaCosta, original owner of the property.

While many of the lots were purchased for speculative purposes, others bought for the purpose of building homes, with the result that a building boom in that neighborhood is anticipated.

Manager Phillips stated that it is the intention of the property owners to construct a convenient and safe railroad crossing on the road leading to North Gainesville, and in the immediate vicinity of the lots, and this alone will tend to increase to some extent the value of the property. The streets in the immediate vicinity will also be repaired and placed in better condition.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

Big Eagle for Roosevelt.

Asheville, N. C., Jan. 6.—A golden eagle which measured 4 feet in length was sent to President Roosevelt by Judge Jeter C. Pritchard, former United States senator from North Carolina, who is a personal friend of the president. The bird was captured on Bald mountain. Judge Pritchard has invited President Roosevelt to join him in a bear hunt in Livingston Gorge. The announcement has been made that the president hopes to accept the invitation.

SECRET ARMS IN THE EAST.

Weapons That Are Concealed For Ready Use by Both Sexes.

In Hindustan there is a choice of secret arms. The gupti, or sword stick, may be bought in every bazaar and is said to have been used in the days of Akbar (1543-1605), but it is doubtful whether the phrase in the "Ain-i-Akbari" of Abdul Fazl does not rather refer to the Arab dagger, with its deep sheath, containing both blade and haft. If the traveler prefer it, he may buy a sword thin and flexible as the Toledo coiled blades to wind around his waist in his cummerbund. If he be a fakir, the ornamental crutch which upholds his arm while he edifies the faithful by silent reflections upon the syllable Om will contain a sharp pointed quadrangular blade for the confusion of the unbeliever. Even lovely woman in the harem carries a miniature katar, with H shaped grip, or a diminutive peshkabz, double curved, single edged, atrocious.

In Mysore and Haidarabad the bich'hwa (scorpion), the double curved misericordia of the east, is carried by the lower classes hidden up the sleeve and is made right or left handed to suit all tastes. It is a favorite and effectual weapon of assassination, being driven downward from behind inside the collar bone, and is sometimes double bladed and poisoned, the poison being carried in a suitable hollow in the hilt. The double curve of the blade, derived from that of a cow's horn and resembling that of a scorpion's sting, recurs in the khanjar and chilanum and throughout Afghanistan. With a variety of this weapon Lieutenant Willis was killed in the battle at Kandahar.

The strangest of secret arms is perhaps the bagh nakh, or tiger claw, of the Mahrattas, with its two rings for the first and fourth fingers and the three to five curved steel claws destined to protrude from the closed hand between the fingers and to rip open or mangle the victim. The hand half open shows only two bright rings round the fingers.

The clinched fist becomes the armed paw of the human tiger. Mr. Egerton tells us how the Mahratta leader Sivaji murdered his enemy, Afzal Khan, after inviting him to a conference in which each should come with one attendant only. Sivaji wore a mail cap and coat under his turban and cotton gown, had a bich'hwa in his right sleeve and a bagh nakh on his left hand. The khan had only his sword and sent away his follower to reassure Sivaji, who was of small stature and counterfeited timidity. "In the midst of the customary embrace Sivaji struck the bagh nakh into the bowels of Afzal Khan, who quickly disengaged himself, clapped his hand on his sword, exclaiming 'Treachery and murder!' but Sivaji instantly followed up the blow with his dagger. The khan had drawn his sword and made a cut at Sivaji, but the concealed armor was proof against the blow. The whole was the work of a moment, and Sivaji was wresting the weapon from the hand of his victim before the attendants could run toward him."—Saturday Review.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.

The Ancient Calendar.

In times past the Jewish year had two commencements. The religious year began with the month of Abib (April) and the civil year with Tissi (October). The year was a solar one, and but two seasons were reckoned—summer and winter. The months were lunar, twelve in number, each of thirty days. This was the case with the average year, but occasionally a thirteenth was necessarily intercalated.

This thirteenth month was called "Veadar." Several of the ancient nations—the Egyptians, Chaldeans, Persians and Phoenicians in particular—began their year at the time of the autumnal equinox, about Sept. 22. The beginning of the year among the Greeks until about the year 432 B. C., when Meuton introduced the cycle called after him, was at the time of the winter solstice, or about Dec. 22, and afterward at the time of the summer solstice, June 22. In England from the fourteenth century until the change from "old style" to "new style," in 1752, the legal and ecclesiastical year began with March 25.

Consumption can certainly be cured

Nearly all cases in the early stages. Many even when far advanced. Fresh air stands first. Good food next. Then a medicine to quiet the cough and control the inflammation—Ayer's Cherry Pectoral. Ask your doctor about this advice. J. C. Ayer Co., Lowell, Mass.

PUBLIC LANDS ARE IN GREAT DEMAND

United States Land Office Enjoyed Most Profitable Quarter.

MANY ENTRIES WERE MADE

Correspondence From the North Regarding Lands Heavier Than for Many Years, Which is Evidence That the Eyes of the Country are on State.

Through the courtesy of Chief Clerk Louis C. Lynch of the United States land office, The Sun presents the following report of that office for the quarter ending December 31, 1904:

445 homestead entries, 55,225.78 acres; 144 final homestead entries, 17,346.20 acres; 161 excess cash entries, 167.48 acres; 54 commuted homesteads, 7,360.22 acres; 48 M. B. land warrant locations, 6,517.53 acres; 11 timber and stone land entries, 1,316.93 acres; three Ind. school selections, 1,625.27 acres; one agricultural college scrip location, 159.51 acres.

Clerk Lynch states that this business was far over excess of preceding years, same period, which is evidence that the eyes of the entire country are turned upon Florida. Blessed with an abundance of fine timber, an expanse of soil the fertility of which is not excelled in the United States, climatic and other advantages which are unequalled anywhere in the world, there is no wonder that the people are desirous of coming to Florida to live.

There has been a large correspondence from people of the North during the quarter just closed. These people, desirous of escaping the wintry blasts of thier frozen home, want to come and settle here, and many are taking advantage of the homestead right and building for themselves homes that will be a credit and benefit to themselves and the State.

The homestead entry fever has not struck one section alone, but the entire State from Pensacola to Key West, with the result that the public lands, with their diversified advantages, are rapidly being taken up.

THE NEWS FROM REX.

Winter Visitors Arriving—Other Notes of Personal Interest.

Rex, Jan. 4.—Christmas has passed and the New Year is here with its responsibilities.

Prof. Teeter and daughters, Misses Sadie and Maud, spent the holidays here at their home, departing on the new year for their schools in different places in the State.

Rev. J. F. Bell and family visited relatives and friends here last week. They left for Fort Myers to commence work as minister of that beautiful and thriving town in the Southern part of the State.

Prof. M. C. McIntosh and brother, S. E. McIntosh, also Miss Nannie, spent the holidays with their mother at this place. Prof. M. C. McIntosh departed the new year for Tallahassee, where he has the position of secretary for Hon. Wm. M. Holloway, State Superintendent of Education. His many friends here wish him much success in his new work.

S. E. McIntosh left for his school at Island Grove Sunday, with Miss Mattie Ormand as his assistant teacher. She was calling on her Rex friends, who are always glad to see her.

Prof. Godwin keeps his mill running on full time and sawing much lumber.

Our merchrnt, S. S. Townsend, is a busy man, having bought up a lot of timber, and has it boxed for turpentine business, in connection with his store.

Mrs. Samuel Sulliff has arrived from Bristol, Conn. Her friends are glad to have her here again.

John Fennell, with his good wife, spent the New Year with his niece, Mrs. D. C. McIntosh, at this place.

W. A. Mortimer visited here last week and took his cousin, Mildred Johnson, home with him for a visit at Lake City, his home. She reports a fine time.

Mrs. Mary Phillips departed for Fellowship to visit relatives last week.

Mr. John Baxley has bought the McCone place and moved to it last week.

School opened here Monday with good attendance.

Wacahoota News.

Wacahoota, Jan. 6.—F. M. Ramsey, one of the most prominent citizens of this point, as well as one of the most successful planters, made a business trip to the county capital yesterday.

G. W. Bradshaw expects to make his departure Monday for Jacksonville, where he will enter the Massey Business College, and while his many friends regret very much to lose him, all join him in many good wishes in all of his undertakings.

Misses Lee McKinney and Annie Stroble, two of the most charming young ladies of High Springs, are spending a few days here as the guest of relatives, the family of J. A. Bradshaw.

Mr. and Mrs. P. G. Ramsey made a visit to Micanopy yesterday.

Grover Swails and J. F. Hill of Gainesville, while out at this point, enjoyed the sport of killing a fine lot of ducks and quail.

Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed.

Railroad Men at Savannah.

Savannah, Ga., Jan. 6.—Representatives of some 25 or 30 of the railroads of the south will gather here to remain in session two days, the object being to agree upon a uniform plan of accounting. T. W. Rober, of the Seaboard Air Line, at Portsmouth, will preside over the meeting and Auditor W. D. Beymer, of the Central of Georgia, will be secretary.

BATHING AND HEALTH.

Benefits to Be Derived From Cold Water and Rubbing.

A cold bath—we might as well get at the straight of the thing—is not really a matter of cleanliness so much as a matter of getting the skin livened up and the capillaries and veins next to the surface full of blood. Ice cold water or scalding hot water will do that, but tepid water—no, no!

The skin is almost exactly the same kind of an excreting organ as the lungs. The same products seep through the pores as are carried off in the breath, and the air purifies the blood in the same way. But the greater part of the skin is smothered up in clothes day and night. What the cold water of the bath dissolves is matter well away. And the rubbing dry is pretty vigorous exercise if you want to know. Any rubbing is bound to push the blood along toward the heart and help the circulation, because there are valves in the veins which prevent the blood from going in any other direction than toward the heart. Whatever loose flakes of outer cuticle are rubbed off we needn't worry about; plenty more where they came from. The extra food the increased appetite demands will make good that trifling loss.—Eugene Wood in Everybody's Magazine.

THE HEART MUSCLES.

How They Do Their Work and Why They Never Tire.

It is generally supposed that the heart is an organ which never takes a rest. But this is not so. The muscles of the heart are not incessantly working. The heart contains four chambers—two upper, called the auricles, and two lower, the ventricles. In the beating of the heart the auricles first contract and force the blood into the ventricles; they then relax while the ventricles repeat the process. Then follows a pause, during which the heart is perfectly at rest.

The contraction of the auricles takes one-fifth of the time between one beat and the next, the contraction of the ventricles two-fifths and the pause two-fifths, so that the heart is really resting two-fifths of its time. Sleep also aids in relieving the muscles of the heart, as it considerably diminishes the rapidity of its action.

This alternation of rest and activity endows the heart muscles with their capacity for untiring work.

CURED WHEN OTHERS FAILED

1056 Winnemac Avenue.
CHICAGO, ILL., Oct. 25, 1902.

Wine of Cardui can always be relied upon to cure when everything else fails. It is a certain cure for female diseases in their worst forms. I suffered for years with ulceration. Intense pains in the womb and ovaries and dreadful headaches unfitted me for my work. Finally I grew so ill that I had to keep to my bed. The pains were so intense at times as to cause spasms and a disagreeable discharge drained my life forces. In my extremity after all else had failed, I tried Wine of Cardui. After using it for two weeks I began to improve so rapidly that I felt encouraged to keep up the treatment, which I did for eighteen weeks, but at the end of that time I was entirely cured. What a relief was mine and how new and beautiful life looked to me when my health was restored. Only those who have passed through such a siege of sickness as I have will understand how much I value Wine of Cardui. It is indeed a boon to sick women.

Frances Mitchell

Secretary, North Chicago Frauen Verein.

Every weak woman needs Wine of Cardui. Wine of Cardui cures disordered and painful menstruation, periodical headaches, falling of the womb and leucorrhœa. It cures extreme cases of these troubles. It strengthens girls approaching womanhood, helps bring children to barren homes, makes pregnancy and childbirth easier, prevents miscarriages and is the best medicine ever made for use during the change of life. Why permit the good women in your home to suffer another day? Every druggist has $1.00 bottles of Wine of Cardui.

ALL DEALERS KEEP THEM

How to Get Well.

Every organ of the body is directly connected with the brain by nerves. The nerve cells in the brain generate nerve force—power—and send it to the organ through these nerves, and this nerve-force gives life and action. The organs work perfectly when there is sufficient nerve power. Lack of nerve force weakens the action of an organ and it works imperfectly—becomes sick.

Two-thirds of all sickness is thus due to weak or deranged nerves; it is therefore advisable to take Dr. Miles' Restorative Nervine, because it makes nerve energy.

When you cure the nerves you remove the cause, and that's the way to get well.

"Dr. Miles' Restorative Nervine cured me of nervous prostration after every other effort had failed to give me relief. My trouble seemed to begin with a general loss of strength and a breaking down of the nervous system. I suffered from headache, constipation and fluttering or palpitation of the heart. My appetite failed and I was so nervous and restless that I could not sleep at night. My husband, who is a druggist, brought me a bottle of Nervine. It helped me from the start, and I continued using it until I had taken six bottles. My health was completely restored."
MRS. BILLA M. MOREHOUSE,
North Adams, Mich.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

A curious fact in regard to the drug trade is that we are today importing in considerable quantities ordinary medical plants which may be found growing wild in America on farms and are destroyed by farmers who condemn them as nuisances and an eye-sore that destroy the beauty of a well-kept farm. Among this class of despised drug plants are the common may weed, dandelion, burdock, couch grass and curlydock, and these might all be a source of income with a small effort to members of the farmer's family.

Somebody has playfully remarked that there is nothing so false as facts except figures. Economists have long contended that as compared with Europeans the people of this country are neither frugal nor saving but are spendthrifts. Now comes the bureau of statistics in Washington estimating that there are 7,305,443 depositors in the banks of the United States with an average for each of $418. In England the average for each depositor is $87, which is only a fourth as much as that of the United States.

A prosperous Chinaman in Chicago married an American girl and bought a lot for a thousand dollars on which to build a home. Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

FUNDS ARE NEEDED FOR THE HOSPITAL

Public Appeal Made for Money to Erect Building, Etc.

A MOST DESERVING CAUSE

Realizing the Growing Need for a Hospital, Enterprising and Humane Citizens Take Steps, and are Meeting With Gratifying Success.

The Gainesville and Alachua County Hospital Association has issued to the public the following circular, which The Sun is requested to publish for general information. The cause is a worthy one, and it is to be hoped that the circular will accomplish the desired result:

This county is very much in need of a public hospital, where the poor people of the county can be treated free of cost, if necessary, and where the well-to-do can have, at moderate cost, trained nursing and every facility to aid in their recovery from serious illness or accident. In certain classes of surgical operations the people especially need the advantages of a well ordered hospital.

We have formed a charitable organization for the purpose of building and maintaining such an institution, and we ask all the people of the county to assist us in this charitable work. If all will help the burden will not fall heavy on anyone.

The population of our county must now be almost 35,000, and with the large number of people exposed to all manner of accidents and diseases there is not a hospital in the entire county. The time has come when this work must be undertaken, and we hope all our citizens can see the need of such an institution and help us to secure it. Once we get the hospital built and furnished we feel sanguine of being able to maintain it. As this is purely a charitable work undertaken in the interest of suffering humanity we feel that we have a right to count upon some assistance from everyone. The association will be legally chartered and well and economically managed. The following is the full list of officers:

President, H. F. Dutton; 1st vice-president, W. R. Thomas; 2nd vice-president, G. W. Hyde; secretary, Dr. E. Lartigue; treasurer, B. P. Richards.

Board of Trustees—W. W. Hampton, W. G. Robinson, C. W. Chase, C. A. Colclough, Perry M. Colson, W. B. Taylor, A. J. McArthur, H. E. Taylor, Rev. T. P. Hay, Dr. J. H. Hodges, Dr. J. F. McKinstry, Jr.

The chairman of the Board of County Commissioners and the president of the City Council are also ex-officio members of the Board of Trustees.

All officers of the Association who handle any funds will be under bond, and the affairs of the hospital will be conducted in a business like manner. We want you with us in this work. We intend to make the hospital modern in every particular and a credit to the county. We have raised about four thousand dollars in Gainesville and have purchased a desirable lot on which to erect the buildings. We will need about six thousand dollars more. We desire to give everyone an opportunity to assist in this noble work. Only contribute what you feel you can afford to. Don't hesitate to help us in this noble work because you don't feel able to make a large contribution. A few dollars from each one will give to the county a modern hospital of which we will all be proud. A list of all contributors will be published from time to time in the papers and a careful record will be made of each contribution.

We would also like to enroll you as a member of the Hospital Association. The only obligation you assume in becoming a member of the association is the agreement to contribute one dollar each year towards the support of the hospital.

Send all remittances to B. P. Richards, Treasurer, care of H. F. Dutton & Co., Gainesville, Fla.

Yours very truly,

THE GAINESVILLE AND ALACHUA COUNTY HOSPITAL ASSOCIATION.

TO FIGHT REVENUE ACT.

Attempt to Break Down a Law of Alabama.

Montgomery, Ala., Jan. 6.—One of the most strenuous fights ever made on an Alabama law is to be waged against the revenue act passed by the last session of the legislature, and by authority of which the suits against funding companies for the filing for record of deeds of trust have been brought.

There are two of these cases pending. One is against the Continental Trust company, of Baltimore, wherein the state claims $112,090 fees for recording a deed of trust in Russell county to cover a mortgage given by the Seaboard Air Line, and the other an attempt of the Manhattan Trust company, of New York, to recover $3,000 paid the probate judge of Montgomery county for the same kind of service on a deed given by the Louisville and Nashville railroad to cover a new issue of bonds to make improvements.

TO ATTEND THE CONFERENCE.

Manufacturers of Cotton Yarns Gather at Charlotte.

Charlotte, N. C., Jan. 6.—A number of manufacturers of hard cotton yarns arrived here tonight to attend the conference called by the Hard Yarn Spinners' association to take important action in connection with trade problems, and it is asserted by officers of the association that the attendance will likely be the largest on record. Among the mill men preseat are several from New England.

A meeting of the advisory board of the association is in session arranging matters which are to be taken up by the general conference tomorrow. What these matters are, and what action is likely is kept secret. The meeting will convene at noon.

Arrest of Matrimonial Agent.

New Orleans, Jan. 6.—F. C. Farrington, operator of the Beauacre Matrimonial Agency, has been indicted by the United States grand jury. Two indictments, embracing five counts, were returned against him. It is charged that Farrington used the mails fraudulently to deceive and defraud a great numbe rof people throughout the country by attracting their attention to his matrimonial agency, and promising to engage them to a rich creole widow, who was looking for a capable man to marry her and manage her sugar estate.

Railroads Responsible for Monopoly.

New York, Jan. 6.—In an address at Cooper Union, President Jacob G. Schurmann, of Cornell university, has declared that the high organization of modern society tends to suppress the individual. This, he said, is especially true in the industrial field, where hand-a-apart of the machine. The railway monopoly was largely responsible, according to his viwe, for many of the combinations in industry. Regulation of rates and the restoration of competition are, he said, the best remedies, because government ownership would simply mean control of the railways by politicians.

Japanese Warship at Manila.

Manila, Jan. 6.—Steamers returning here from the south report a Japanese cruiser patrolling San Bernardino straits.

At 2 p. m. today (Jan. 5) the Japanese cruiser Takasi approached the entrance to Manila harbor and when signalled asking if she intended to enter, the answer was in the negative. She also refused to state where she was from and for whence she was proceeding and put to sea under full steam.

A Friend in Need.

Do you know of anyone suffering with consumption? Then tell them without delay that Dr. Boschee's German Syrup will cure them—and you will be a friend in need. German Syrup is a reliable specific for the cure of consumption. It has been making marvelous cures of consumption throughout the world for forty years. Croup, coughs, colds, bronchitis and all throat and lung troubles are speedily cured by German Syrup. Trial bottle, 25c. Big bottle, 75c. At W. M. Johnson's.

Crew and Captain Saved.

Wilmington, N. C., Jan. 6.—After a night of intense suffering from the cold, clinging for dear life to the masts of their shipwrecked vessel, heavy seas breaking over her decks and carrying everything before the mad rush of its fury, Captain F. C. Gibbs and six men, composing the crew of the schooner Emma C. Middleton, from Newport News to Charleston, S. C. with a cargo of coal, were brought here by the Wilmington tug Alexander Jones, the vessel and her cargo being a total wreck on Frying Pan shoals, 10 miles east of Baldhead light house, on the North Carolina coast.

Carload of Cotton Burned.

Winder, Ga., Jan. 6.—At Bogart, a small station on the Seaboard, a few miles north of this place, a carload of cotton has been destroyed by fire. The cotton was in transit over the Seaboard. When discovered by the train men the fire had so eaten its way into the bales as to make all efforts at saving it futile. It is supposed to have originated by sparks from the motch or cigarette of some tramp beating his way over the road.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasantest remedy for coughs and colds I have ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

Mr. Conger, the American minister, left Pekin today for the Philippines. Mr. Coolidge has assumed charge of the legation pending oCnger's return.

One hundred and ten bales of cotton were burned on a freight car at Aspen Hill, Giles county, Tennessee, last night. The sparks from a locomotive ignited the cotton.

Custom house inspectors in New York yesterday took to the seizure room 600 cigars seized on the steamer Olinda, from Cuba. The inspectors said they found the cigars in the engine room.

Foreign Minister Tittoni, of Italy, while attending a shooting party with Ambassador Meyer, at Magione, near Perugia, today, was stricken with apoplexy. His condition is reported as being grave.

Notices of a reduction in wages has been posted in the Massachusetts Cotton mills at Lowell, Mass. The cut, the amount of which is not yet known, will affect about 300 weavers, ballers and beamers.

Henry V. Poor, widely known for many years as a railroad authority and an expert on financial affairs is dead at his home in Brookline, Mass. He was born in 1813 and was a graduate of Bowdoin college.

The body of Niel Phelps, the capitalist of Battle Creek, Mich., who mysteriously disappeared a number of weeks ago, and who was later supposed to have been located in British Columbia, was found today badly decomposed, in the river near there.

The will of John Dunfee, the contractor, formerly a bootblack, who died a few days ago at Syracuse, N. Y., shows an estate of $1,200,000. The specific bequests aggregate $200,000 and the residue is divided equally between the widow and the Catholic charities of Syracuse.

The conference of the Zionist committee at Vienna, on the proposed Jewish settlement in British East Africa, is proceeding here. No decision has yet been reached. It is probable that the international Zionist congress to be held later in the year will decide the settlement question after the committee of investigation now in Uganda reports on the subject.

Convicted Member Expelled.

Boston, Jan. 6.—The Masachusetts legislature has begun its session of 1905. The house adopted a resolution unseating Representative Thomas F. Curley, of the seventeenth Suffolk district. Curley is serving a jail sentence for fraud against the United States government in connection with civil service examaniations. He was a prisoner when elected last November. The inauguration of Governor-Elect Douglass will take place today.

Two Children Burn to Death.

St. Charles, Mich., Jan. 6.—Haven Ditzler, seven and his brother Earl, nine, were burned to death in their home. Their brother was severely burned while trying to rescue them. The children's parents went on a visit last Saturday with two younger children, leaving five others at home. Early today Marie Ditzled, sixteen, was awakened by fire and gave the alarm, but only three of the five children escaped.

Morphine Caused His Death.

Columbus, Ga., Jan. 6.—James Bennett, a prominent and popular young man of this city, died unexpectedly at his home on Fifth avenue early Wednesday morning. Last night Mr. Bennett was not feeling well, and being unable to sleep, took a dose of morphine to induce slumber. He was found in a stupor. Physicians were sent for and attempted to arouse him, but it was impossible to do so, and he died about 8:30 o'clock.

Lawyers Fight In Courtroom.

Augusta, Ga., Jan. 6.—W. P. Pierce and D. G. Fogarty, solicitor of the city court, came to blows in the courtroom. The solicitor had caused the arrest of a brother of the prisoner at bar for trying to tamper with witnesses. Pierce stated this was done for the effect it would have on the jury. Fogarty was angered. Words followed and Pierce's face was slapped. He replied with a blow, and court officers had to part the belligerents.

Mayor and Marshal Fight.

Columbus, Ga., Jan. 6.—Olin Barnes, mayor of Hamilton, Ga., and ex-Marshal Whitehead, met on the streets of that town last night and exchanged shots, the marshal firing twice and the mayor once. Barnes was uninjured, but a few shots form Barne's shotgun struck Whitehead in the hand, inflicting a painful but not serious wound. Each man claims that the other fired first.

Session for Capitol Site.

Frankfort, Ky., Jan. 6.—Govenror Beckham has issued a proclamation convening the general assembly in extraordinary session on Thursday, Jan. 12th next, for the purpose of authorizing and providing another site in the city of Frankfort or contiguous thereto for the proposed million-dollar capitol building. Under the proclamation no other matters can be consiedred at the extra session.

A Snowball a Year.

One of the queer rents paid to the English crown is by the well known Foulis family. This family holds a forest, and the rental of the forest is the delivery of a snowball any day it is asked for. Always the Foulis family must have a snowball ready. It is no trouble to them, either, for Ben Wyvis, a mountain of great height, is in the forest, and the top is always covered with snow.

Incongruities.

A prominent New York clergyman was arguing with a youth of his parish about the evils of young men smoking cigarettes.

"What would you think," said he, "if you met an angel coming along with a cigarette in his mouth?"

"Well, doctor, what would you think if you saw an angel with an umbrella and a pair of patent leathers?"

Love or Sport?

The young schoolgirl or student may possibly seem overeager about hockey, but we all know perfectly well that not so long ago young men and love affairs were the prevailing subjects of the young girl's thoughts. No one surely will say that it is not an improvement to have healthy play instead of sickly sentiment.—London Church Times.

Spoiled Her Beauty.

Harriet Howard of 209 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum, or eczema, for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. Twenty-five cents at all druggists.

SING ALL THE WHILE

THE FINNS INDULGE IN SONG IN AND OUT OF SEASON.

From Noble to Peasant and From the City Lady to the Woman Who Works In the Field the People May Be Said to Form One Vast Choral Society.

In the palatial supper room of the great hotel in Helsingfors, the capital of Finland—the best hotel in Russia, for the Finns represent all that is most progressive in the czar's empire—a company of ladies and gentlemen seated at one of the tables suddenly began singing. With trained voices they sang a four part folk lore song of the northland. Never heard I a song so deeply melancholy. It was the music of the unhappiest of the enlightened peoples of the earth.

That was on my first evening in Finland. From that time forth throughout a stay of four weeks among those sad hearted people I listened to their singing morning, noon and night almost continuously. The Germans sing a great deal, the Swedes sing part of the time, the Russians sing most of the time, but the Finns as a nation actually sing all the time.

From noble to peasant, the men of Finland may be said to form one mighty male chorus. From the great lady of the capital city to the lowly woman who builds houses with her own hands on the borders of Lapland, the women of Finland may be said to comprise one vast choral society. The acknowledged finest singing society in Europe is indeed the Helsingfors male chorus. It is composed of 100 members, and from their ranks are recruited the singing teachers of the country.

Singing festivals as held by the Finns are on a scale unequaled in any other country. Five thousand singers gathered one night in the public square in Helsingfors to serenade a Finnish artist named Rosenfeld, whose picture had been awarded first prize at the local salon. In a city that is a surprise to all travelers, near the arctic circle, many miles from a railroad, the city of Uleaborg, 2,000 school children gathered in the park in front of the hotel and for half an hour, for the travelers' benefit, filled the air with the music of the snow wilderness, with songs that told of the vast loneliness of the country beyond the city.

Once in Helsingfors 10,000 voices joined in chorus to sing the national anthem. It was an improvised chorus, but the singing was by no means the harum scarum, go-as-you-please sort, but thoroughly organized into four parts and executed with precision. This incident was described to me by the man in whose honor the great chorus gathered. Said he:

"I was one of the first persons ever exiled from that part of the czar's domain. My departure from Helsingfors was the occasion of a public demonstration of surpassing solemnity. Ten thousand persons gathered at the railway station to say goodby. The crowd watched the leave taking in absolute silence, but as the train began to move 10,000 heads were uncovered, and 10,000 voices began singing the national anthem. And this scene was repeated—with fewer singers, of course—at every railroad station all the way to the port where I took a steamer for America."

These singing Finns do not always sing their folk lore songs or their patriotic anthems. They are a deeply religious people, mostly Lutherans, and each town has its special choir for singing nothing but hymns. I went to the largest church in the country to hear the singing of a choir of nearly a hundred male voices. The grandest cathedral organ never produced music of such majesty and power as did that choir, which included the most wonderful bass voices in Russia.

Even the companies of Finnish guards, though officered by Russians, sang the Finnish anthem as they marched past the hotel every morning on the way to relieve the old guard. The Russian officers once tried to put a stop to the singing of the Finnish national song by the soldiers, but the discontent among the men became so apparent that singing was again permitted.

Thus wherever the Finns get together they burst into song. When they cannot get together they sing individually. The housewife preparing the cabbage soup sings. The farmer plowing his field in summer or journeying long distances on snowshoes in the winter sings at the top of his voice. Whenever I passed one of the men in the lonely districts in charge of a herd of reindeer he was singing. In the posthouses, where the traveler is sheltered overnight, the servants gather when their day's work is done and join their voices in the chorus.

This constant singing is regarded by all students of Finnish life as an important national influence. The effect of so much music in the nation's soul is seen in the emotional side of the people's nature and has its concrete form in a ready sympathy that binds the Finns together as one family, each for all and all for each. Such is this nation of singers that sings all the time.—London Tit-Bits.

Fly Eggs as Food.

On Lake Texcoco, in Mexico, a curious fly is found, which is eaten by the natives and known as ahuatl. The eggs of the insect, which are deposited on sedges, are also collected and eaten for food. On Lake Chalco a certain sedge is cultivated, on which the eggs of a species of fly are deposited. Bundles are made of these and placed in Lake Texcoco for the purpose, and when covered the sedge is beaten over pieces of cloth and the eggs are secured. These are collected and ground into a meal, also called ahuatl, and are in great demand on fast days when fish is required, the insects or eggs not being considered flesh, as they come from the water. The food is made into small cakes and tastes not unlike caviare. Not only the eggs, but the larvae, themselves a disagreeable looking worm, are used as food under the name of puxi.

Ona Indian Courtship.

Among the Ona Indians of Tierra del Fuego courtship is not precisely a tender affair. When the girl is from a friendly group the gallant presents her with his hunting bow. If the girl returns it by her own hand it is a sign of acceptance, but if by the hand of a messenger it is a refusal. But refusals are not common. The persevering brave watches for an opportunity which brings him alone with the object of his affections. He then commands her to follow him with all speed through the bush to his own camp. The girls are prone to yield prompt obedience, for a disappointed suitor may emphasize his displeasure by an arrow directed lightly at the thigh or at her calves, the especial vanity of an Ona belle.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. BRYTON,
Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Insure with Cushman & Hill.

R. M. Chamberlain of Tacoma, one of the leading and most successful truckers of that section, was a business visitor to this city yesterday. Mr. Chamberlain has shipped considerable lettuce so far, for which he has received good prices. About five carloads have been moved from the Tacoma section so far this season. The movement of cauliflower will begin next week, and inasmuch as the crop is said to be exceptionally fine, the growers are anticipating good prices.

The Richmond Dispatch says of Dr. Jones' lecture on "Stonewall Jackson:" "It was truly thrilling, and none of the great concourse of people who were present will ever forget it. The lecture was in an interesting, reminiscent, strain—the speaker telling incidents and anecdotes illustrating Jackson's deep piety, and fearless and self-sacrificing devotion to duty, many of which were all the more thrilling because they were Dr. Jones' own personal recollections." Dr. Jones will lecture at the opera house in this city Friday evening under the auspices of and for the benefit of J. J. Finley Chapter, U. D. C.

East Gainesville Marriage.

There has been another combine on breakfast food.

At the home of Mr. and Mrs. J. A. Jones, 705 S. Carter street, Thursday evening, the Rev. S. B. Rogers officiating, Joseph Grantham and Miss Rosa Bush were united in the holy bonds of matrimony.

Both contracting parties reside at Ocklawaha, where Mr. Grantham, aside from being a successful merchant, holds the responsible position of agent of the Southern Express Co. The bride, who is one of Ocklawaha's favorite belles, has been on a visit to Mr. and Mrs. Jones for some time.

The Sun, and other friends, express congratulations, with the wish that the happy couple may live long and enjoy good health.

OPENING OF E. F. S.

Students Are Returning and School Will Again Get Down to Business.

After a vacation of about two weeks the pupils of East Florida Seminary are returning to school, and Friday when the school opened for the spring term a majority were in their places.

The fall term of East Florida Seminary, under the direction of Prof. Jere M. Pound and his able corps of assistants, was one of which any faculty had a right to feel proud. It is anticipated that the spring term will prove equally successful, and the result will be that East Florida Seminary will have enjoyed one of the most beneficial years of its existence.

The faculty and students are heartily in accord. They are all working hard and earnestly endeavoring to make a record for the school and themselves which will go to their credit.

The college opened Friday for the spring term with the usual ceremonies, and every member of the faculty and every student entered with resolutions to do their utmost in making the term a success.

HYDE'S BIG SALE.

The Mill and Factory Syndicate Opened Promptly Friday.

In accordance with the advertisement which appeared in The Sun, and which has been circulated widely throughout the country, the big mill and factory sale of George W. Hyde opened promptly Friday morning, and despite the inclement weather the store was quickly filled with an eager crowd of buyers.

The mill and factory sale, which proved so successful at this store last year, was an event which is yet remembered for its bargain-giving qualities. This sale, which is similar and conducted by the same parties, will be a popular trade event, and the big store will no doubt be crowded during today. Mr. Watson, the manager, felt greatly encouraged over the crowd which attended the sale the first day, considering the inclemency of the weather, and anticipates a fine run during the sale.

Melon Growers Association.

A meeting of the Gainesville Melon Growers' Association will be held at the store of the S. J. Thomas Company at 2 o'clock this afternoon. A full attendance is desired, as the annual election of officers will be held at this meeting, and other business of importance will be transacted.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Water Notice.

To city water consumers: Your water rent for quarter ending March 31st, 1905, is now due and payable at this office. If not paid on or before January 10th, 1905, your water supply will, without further notice, be discontinued. Fee for turning on again $1. By order of City Council.

J. M. DELL,
City Clerk and Treasurer.
Gainesville, Fla., January 2nd, 1905.

To the Public. The Diamond Ice Co. having just been incorporated will, on January 1st, 1905, succeed to the old partnership of Stringfellow Bros. & Livingston, taking on the assets and operating the factory for the benefit of the stockholders. All accounts must be settled on or before that time, as an entirely new set of books will be opened, and all patrons of the old company are requested to call at once and settle their accounts. No new accounts will be opened with persons who have failed to settle their old accounts.

Yours truly,
T. B. STRINGFELLOW,
R. L. STRINGFELLOW,
R. B. LIVINGSTON.
